

## SL1216

SPRING LOADED PINS

### Material

Body and pin: steel 12L14, zinc plate clear chromate finish.

simply springs back when lever released.

A nylon locking element on thread reduces chance of loosening of thread due to vibration etc.

### Tips

Stubby version, for space limited applications.

For suitable locknut, see part no. SL1816.

### Technical Notes

Spring loaded pin is non-locking, pin
